DISCLAIMER: Before I start this rant, If you're friends with him, I suggest you cut ties with him and move away as far as possible. Do not interact, attack, harass, and/or witch-hunt at all costs. Trian can't be trusted anymore. Anyway, enjoy this following rant. Thank you.

Trian Nguyen is a Troll former Youtuber and Vyontard who makes the Grounded/Cyberbullying/Cringe videos out of Alexei, Josie, BonBonStarkRay, Liza, Rasul Watson, Cameron Frederick and Caiden Frederick, IsaacAnimationsRock, me (c:), and more. I keep losing my patience because He keeps milking his cringe videos involving Alexei and co getting Grounded/Rekt/Attacked many times for being a stalker spying on them along with his reaction to criticism stuff that people made, making his cringe series and more which it's killing my nice days about working my work stuffs, especially My hanging out time with my family.

What he did do for his behaviors::

1. His videos (and sometimes post images) usually consist of him recording his iPad/laptop with his phone/iPad camera, while carrying out like your usual Windows Movie Maker movie. There are easier and better-quality alternatives such as using a screen recorder, or plain out using a video editor such as Kdenlive or Sony Vegas.
2. He stole people's OCs for making them slaves and did not give the people credit. **Example**: He stole Alexei's Cuphead OC Sweet Alleia without permission for not giving the credit first, Using OC without permission is a serious illegal. OCs are NOT toys or/and Slaves!
3. He doesn't accept Criticism because of receiving Negative comments including the criticisms.
4. He did stealing people's art without permission making him an art thief who can't give people the credit for real. **Example**: He kept stealing Alexei's Arts on DeviantArt without permission including the Thumbnails of removed Journals that were exclusively on formerly Flickr (Both are gone for deleted) which he did steal easily. He's an Art thief btw.
5. His art drawings are very ugly which by the way it looks like he is drawing with Paint on his Ipad/Tablet.
6. On August 29-30: He was accused of making a killing video out of his Family, which is very disrespectful and heartless. He might have a big mental disorder

with sickness, PTSD and Schizophrenia goes disrespects his family for no reason.

7. Three words: **WORST TROLL EVER!**
8. *Update April 4th, 2022*: He made grounded videos out of me because of not handling criticism about bitching about my friends. This guy is a Hypocrite and Manipulator. He was responsible for giving me the base for acting the Vyondtard.
9. He also made cyberbullying videos of users in the style of Vyond who have their own opinions which made him unable to handle opinions.
10. He did disrespect his family, wishing his family to get arrested, and especially making killing videos out of his family which sounds disrespectful to his family members and could result in huge exposure and a lawsuit. This guy is a complete psychopath.
11. He did make the cyberbullying videos about me getting grounded many times considering he is a huge stalker, psychopath, and manipulator who spied on me. This guy needs to go to psychological therapy to stop acting like a Karen SJW who hates artworks.
12. He is SJW due to whining about Bikini art and Sexy art that I and The Good Artists created, which could be the result of him spying on DA after being blocked. The bikini drawings are not even inappropriate because he needs to fix his vision. This guy is a blind monster who loves overreacting the bikini and horny arts for making his dramas.
13. He made fake versions of Google Translate, Yandex, Reverso, and DeepL Translator for tricking the victims into thinking they were real. You know why Google Translate, Yandex, Reverso, and DeepL Translator are just the internet even though Trian Nguyen is a hypocrite to the internet and he never takes criticism.
14. He impersonated Alexei by changing his name to being an imposter of Alexei on Youtube. You know why imposter users are a very huge bad thing.
15. He's Transphobic because he made videos about Girls turning Boys (Trans-Guy, Female to Male) and getting Grounded which disrespects People being Transgenders and Transexuals.
16. He did make me try to take off my own life when I feel depressed by a huge monster being an attention seeker asshole who loves making dramas and stalking people. He needs to get the fuck out on the internet. This guy needs a huge therapy and touches some grass. -_-
17. He did Wish anyone an unhappy anniversary on the account because he hates the Good users and girls which is very heartless.
18. Also, he wished everyone an unhappy birthday to good friends, and innocent users which made him a heartless sexist monster who hates girls.
19. He hates girls because of bikini arts out of Female characters and Female OCs include Female personas and arts made by girls which made him sexist or Incel.
20. He kept lying about the proof that the users did it in a fake way, which is not happening here unless he is a huge liar.
21. He recolored the drawings without permission on his cringe videos. You know why he recolors Trian's hatebase from girls and his haters into his boring and cringes arts. Recoloring his hatebase into the boring/cringe thing that always gets anyone copyright strikes to Terminated account when he received the 3 Copyright strikes.

22. His series "Trian's Universe the Series" is cringing and unoriginal in that he stole the OCs from Artists without permission by making them villains on his cringe series which by the way he would get a copyright strike for stealing OCs without permission.
23. Also, He did disrespect the people as started whining over the Anti-Stamp out of Shows that he likes and forced people to delete which made him the dumb guy.
24. Not to mention that he did put his annoying pointless hashtags about canceling the victims, canceling the Good users along with Cancel Girls on his description of his videos on YT. The Good Users and Girls didn't do anything wrong what they did do, This guy is a Hashtag annoyed and loves being Incel.
25. He can’t handle hate because his haters are making their hate videos out of him along with people who made hate art out of him.
26. He told people to kill themselves which is considered a Death Threat.
27. He is also a Hypocrite because he claims that he hates NSFW so much but now, He did support NSFW when he was 16. Hypocrisy, much?
28. He did call the underage users Pedophiles which makes no sense.
29. He is also a Pedo Defender because of his support of Nemao (A pedo who sexually harassed minors including shipping himself with Giggles (HTF) who was 16 and grooming Winter's OC when she was 15), Devon1316 (A pedo who age down the characters and supporting Pedophilia with Zoophilia ships) and Torrjua (A disgusting person who made pedophilia ship called Daniel TigerXGazelle).
30. He thinks that people can't be swearing anymore by forcing them to stop swearing and spamming "Watch your language" with "Watch your mouth". You know why he’s a Christina Aguilera fan who hates swearing words so much. **It’s Freedom of Speech**
31. He also made a Wiki fandom page called Slender Fortress about me and Alexei being a Serial Killers in IRL but his Wiki page is Harassing in violation of making the victims drive into the suicide plan's thoughts with depression and suffer anxiety disorder. Being a serial Killer in IRL is False because the parents or family members said that was a liar.
32. He also stalked users including the girls for keeping spying on their privacy and refusing to stop it.
33. He doxxed people's faces to get them into trouble. He steals the faces and goes making doxxing that he wanted the victims to die as murderers.
34. He caused a huge drama and overreacted The people are shipping the OCXCanon ships, he never learns and he keeps playing the victim card over the ships.
35. He doesn't give people credit for his descriptions of his videos which makes him get a copyright strike for stolen clips.
36. Also, his videos with "Sequel" titles are unoriginal and lame because they were just stolen clips from SMG4, Nikocado Avocado, and more.
37. He whines over his videos getting blocked from Copyright Claimed after he made the video with Copyright. Presuming that He is a fat manchild who hates videos gets blocked.
38. He assumes the persons' genders while he doesn’t notice (Example: He assumes Dan (DestinyLightsUP-2006)'s gender and Angel Dust (Hazbin Hotel) to make them females but, Angel Dust and Dan are Males only).

39. He is also a slander who loves slandering users with Alexei even though he loves slandering victims by stalking the privacy and backstabbing the artworks with messages.
40. His video clips with "Sequel" titles, and messages to users, and users are many bad nicknames with words never work any more than he did use Copyrighted clips which it's a good chance that he'll get a YT community guideline strike.
41. After his YT accounts are terminated until he's back with a new YT account again, he keeps gatekeeping his cringe favorite characters (Max (Max and Midnight), Parker (Treasure X), Theo (Nutri Ventures), and more) to acting the God wanted the opinions not to exist and attacking people's opinions over the characters that they hate or dislike for dramas.
42. He's become a Teleiophile/Adult Groomer because he Simping artists' Female OCs to make himself being disgusting pervert/Adult groomer (Teleiophile) and sexually assaulting Female OCs without permission that he's into adult woman.

His YT accounts (4 YT accounts are gone for termination):

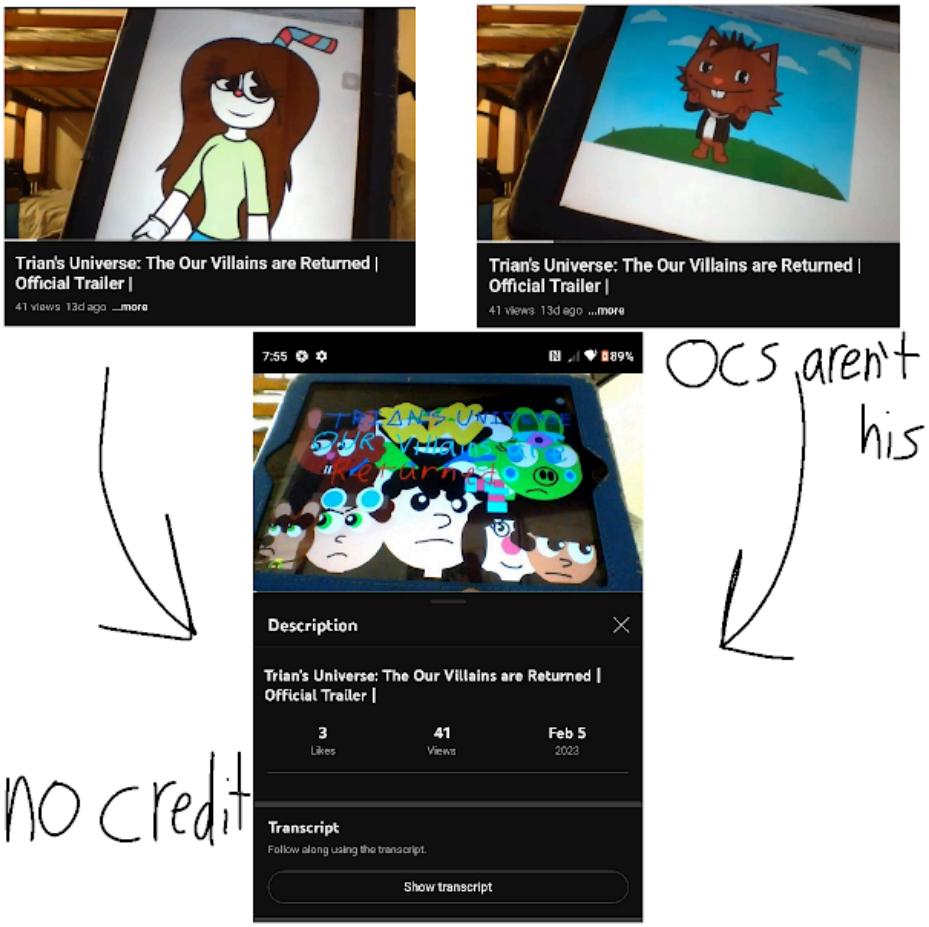
(Context proof: Trian is Pedo Defender and does support Nemao (FYI about Nemao, he’s a sicko person who did grooming a 15-years old girl named Winter by shipping himself with her OC, Sexually harassing victims, and did make NSFW art out of her)



(He uses people's OCs and does not give any credit. Presumes that he did steal the OCs without permission and made them Toys.)

Don't go out of your way to harass this person please.

Trian, please leave Alexei alone. This isn't cool of you. I also suggest that if you want people to stop bringing up what you did in the past, then you need to do the same (if you don't, then you're just bein' a hypocrite). And please don't pass all of it as "iT's My OpInIoN", because not all of it is (like OC theft).

Why? Cause I raged on to people too.. I still like Akedo treasure X and goo jit su I liked those things before I even made a channel. Do I feel a little guilty? Yes but I'm not sure if I'm supposed to feel it.

(‘Attempt’ at defend him shipping himself with the Sweet Alleia OC, saying that they are both 16 in his ‘universe’, but due to his way of explaining, it is (truly later) confirmed that Sweet Alleia would be 13, and still makes the ship pedophilia as they’re still minors. He also blows the situation out of proportion making it look like everyone who criticized the ship wanted Trian to be with Yoerix Perez (16x18), which is essentially no better, and villainizes said critics, calling them ‘pedophilia supporters’)
